About Blusource....

Blusource was formed in 2008 and has grown to be a recruitment business of choice in the Midlands for discerning clients. We can give you access to the top talent on the market through our unique network of candidates generated from **hosting events, sponsorship and networking** as well as extensive **advertising and direct approaches**. With over a century of combined recruitment experience in the business, and our commitment to delivering a high level of service in a value adding manner, Blusource are going from strength to strength.

What do clients think about us?

“The whole recruitment process was remarkably smooth and swift”.

“Blusource invested the time understanding our organisation and the finance team. They asked me challenging questions. Having gained that understanding they then went on to successfully fill three out of three vacancies, including one that we had previously failed to recruit. A very positive result all round”.

“There are many recruitment companies who can at first sight claim to be empathetic and understand what you are looking for, but Blusource was very good at appreciating the challenge we had and the type of individual we wanted”

“Blusource helped us to recruit our Commercial Finance Manager and made the whole process pain-free. They quickly understood our business and our requirements and the post was filled within three weeks!”

“I found the service from Blusource to be extremely efficient and would certainly use them again as my first port of call.”

“The service provided by Blusource has been first class – immediate and proactive”

**Why not give us a try,
you will find we really do
have a fresh approach....**
